

GN-RN Success - Entry to Practice Prep™ (GN-RN Success™)

An NCLEX Prep and Specialty Orientation Toolkit

The Nurse Builders GN-RN Success™ program is a digital education library fortified by a fundamental nursing curriculum, supporting the success of Graduate Nurses (GNs) and Registered Nurses (RNs) entering practice or transitioning into new nursing specialties. GN-RN Success™ is the go-to resource for hospitals seeking to empower their new recruits, facilitating NCLEX readiness and a seamless transition from student to practicing nurse, while laying the groundwork for nursing excellence.

This comprehensive toolkit offers two distinct paths:

▶ NCLEX Exam Preparation

Featuring recorded on-camera video lessons, exam-style Q&A with detailed rationales, and convenient web-streamed support sessions. Ideal for GNs seeking ongoing NCLEX readiness.

▶ Specialized Nursing Curriculum

A comprehensive specialty-focused content hub with on-camera videos and Q&A sessions designed for information retention, aiding GNs and RNs in adapting to new nursing specialties.

Elevating Nurses for Success in Practice

Recruitment Incentive: Attracts top-tier talent by offering a robust support system for new hires, enhancing the hospital's appeal for prospective nurses.

GN to RN Pipeline: Fosters a seamless transition from Graduate Nurse (GN) to Registered Nurse (RN), ensuring a continuous and effective development pathway within the hospital.

Enhanced Clinical Practice: Provides comprehensive, evidence-based content supporting nurses in delivering high-quality care and staying updated with the latest practices.

Alleviate Preceptor Burden: By going through the GN-RN Success™ program, GNs arrive better equipped, lightening the load for preceptors and enabling a concentrated focus on hands-on training during the orientation period.

Self-Paced, Unlimited Viewing: Allows flexibility in learning with self-paced mobile-friendly content and unlimited access, accommodating individual learning preferences and schedules.

Monthly User Completion Reports and Group Support: Provides detailed reports on user progress while offering personalized instruction and support via web-streaming group sessions, ensuring continual improvement and understanding.
